Heroes' Pasdar Settles Debt with Han Solo

When it comes to dressing up for Halloween, [Adrian Pasdar](#)'s son has his own hero, Luke Skywalker. What does this mean for Pasdar? "I'll be dressing up as Han Solo." Pasdar doesn't have to work off imagination when pulling together his costume. He's met the real Han Solo, actor [Harrison Ford](#). In fact, he recently sent a message to Ford on the set of *Indiana Jones and the Kingdom of the Crystal Skull*.

"One of the makeup techs I was working with had to go over and do contact lens stuff for Harrison Ford," he recounts. "As a joke, I said, 'Tell Harrison he owes me five dollars and I haven't forgotten about it.'" The makeup staffer made good on the promise to deliver the missive and Pasdar got word back that Ford was sending him the five dollars. As for the fiver, "I haven't gotten it yet," reports Pasdar. "It's supposed to be on its way." — *Bekah Wright*
